Corrugated tin roof sheets uk

How much is a sheet of tin roofing.

Our corrugated sheets can be used as single skin sheeting, overlcladding of an existing roof or form part of a double skin built-up insulated system. Benefits: Corrugated steel roofing sheets are the most robust profile with a traditional look, lightweight, easy to install, fire resistant and particularly cost effective. All standard colours and finishes are available (see 'Colours & Finishes' page). Our corrugated roofing sheets provide an effective cover width of 990mm; however we can also supply a narrow corrugated metal sheet depending on your preferences. Page First Prev You're currently reading page 1 Page 2 Next Last Sort By: Position Product Name Price Price per m² Default Order Shipping Type Items 1-12 of 22 It's simple! Just give our head office a call on 0208 810 0120 or simply send an enquiry below. Convenient delivery options. The roofing design & style is perfect for use on agricultural buildings, domestic premises, fences, temporary roofs and much more. Although our depot is in the West Midlands, we deliver to and throughout the whole of the UK. Our fibreglass GRP corrugated rooflights work in conjunction with our steel roofing sheets to incorporate natural daylight into your building. Uses: Corrugated steel roofing sheets have been around for a long time and are still just as popular today as they provide a more traditional look. Diverse Range of Corrugated Metal Roofing Sheets from Bushbury Cladding Ltd Bushbury Cladding Ltd understands that jobs will vary in size and requirements, which is why we offer no minimum order or surcharge when you are ordering. ANTI-CONDENSATION An anti-condensation membrane can be rolled onto the underneath of our corrugated roofing sheets during manufacturing to reduce condensation problems (see Anti-Condensation Roofing Sheets). Garages Farm buildings Car ports Over-cladding Sheds Summer houses Barns Fencing workshops Dog kennels/runs Contact Bushbury Cladding Ltd Corrugated roofing sheets are exceptionally popular in a variety of different industries, and if you want to start enjoying the benefits of quality corrugated roofing, contact Bushbury Cladding Ltd today. Our cheapest and smallest unit size available to order is £7.87. You can also email us: support@themetaloofcompany.co.uk. CORRUGATED GRP ROOF LIGHTS Corrugated GRP Fibreglass rooflights also available. INSULATED ROOFING SYSTEM - DOUBLE SKIN Our corrugated roofing sheets can be used as the top sheet on a built up insulated roof system (see Insulated Roofing Sheet System). Our corrugated metal products are available with a thickness or gauge of 0.5mm and 0.7mm and are available in a variety of finishes. PLAIN GALVANISED POLYESTER LIGHT GREY POLYESTER PAINT; Slate, Van Dyke Brown, Juniper Green, PVC PLASTISOL. Slate, Van Dyke Brown, Juniper Green, Black, Goosewing Grey, Terracotta, Merlin Grey, Olive Green. Plus Many More... Corrugated roofing sheets were the first design of steel profiled roofing sheets and are still very popular today. FITTING YOUR CORRUGATED ROOFING SHEETS You can find information about how to fit your roofing sheets by Clicking Here So, if you are looking for a company that specialise in corrugated roofing sheets get in touch with us today on 01675 462 692 and we'll gladly answer any queries you may have. Benefit from having your corrugated roof sheets cut to any length up to 6m. Our galvanised steel corrugated roofing sheets are a great traditional looking weatherproof solution. They are manufactured to the highest quality to ensure they are maintenance-free for many years to come. The UK's Leading Roofing Sheet Supplier We are specialists in metals, mild steel and aluminium and are the first online retailer of metals. Just tell us your requirements and leave the rest to us. Bushbury Cladding Ltd offer a free cutting service for our roofing sheets, allowing us to supply materials designed to completely meet your requirements. Please Ask'. Alternatively, you can take advantage of filling out our quick and simple online contact form and we will get in touch as soon as possible. Our corrugated roofing sheets are very affordable, durable and quick to install, which makes their use extremely popular in the construction of commercial, agricultural, industrial and domestic buildings. When it comes to the quality of our products, we simply cannot be beaten. They provide 990mm cover width (as standard) when lapped and fitted. If you wish to discuss specific requirements for your corrugated metal order, please do not hesitate to call our office and speak to one of our friendly, knowledgeable team members. Our corrugated roofing sheets are manufactured and cut to standard stock sizes shown below or can be manufactured to customers precise requirements. Corrugated roof sheets (also known as roof cladding) has been installed on buildings for many years and, due to its very easy installation process and excellent protective qualities, it still proves incredibly popular today. At Bushbury Cladding Ltd, we manufacture and supply full prime British steel galvanised corrugated roof sheets to contractors, businesses and the domestic sector. Very low costs, starting at just £6.00 & free for orders over £75.00 to England & Wales. We can send you colour samples free of charge and offer you any advice you may require for your project. They are extremely weather proof and can withstand intense weather conditions such as hailstorms, heat, snow, storms and even hurricanes. At Bushbury Cladding Ltd, we can also provide you with flashings to match your sheet colour and fixings with colour-coded caps. We have been supplying corrugated roofing sheets for over 30 years now and have a wide range available to our customers. We also offer a wide range of corrugated roof lights, otherwise known as GRPs, that are specifically designed to match our custom made roofing sheets, all of which are manufactured to a standard 3mm profile from the top of the lip to the bottom (or peak to peak) and cover 1m when fitted. These rooflights allow 92% light transmission through the sheet so an excellent method to brighten up your building and reduce on electricity costs (see GRP Fibreglass Rooflights). We will quote for your project and, upon purchase, will deliver you the corrugated roof sheets. They can be fitted as a brand new roof but can also over clad an existing roof, if required, thus reducing the cost of labour. Hassle free returns if needed. The corrugations in these sheets are 3" (76.2mm) from peak to peak and will direct any rainwater away from the building. They are actually the only type of cladding accepted in conservation areas. SHEET SPECIFICATIONS Our traditional corrugated roofing sheets are galvanised steel and available in three gauges (thicknesses): 0.4mm, 0.5mm and 0.7mm. We also provide a professional cutting service. We can meet your corrugated metal demands for anything from the smallest of jobs to the biggest of projects, so please do not hesitate to ask us how we can help with your next project. If you would like to speak to one of our Customer Services team please call us on 01937 534318 and we will be happy to help. Our corrugated roofing sheets can also be used for side cladding buildings (see 'Wall Cladding Sheets'). For more information about corrugated roofing sheets, or any other of our products such as insulated roofing sheets, call us today on 01902 229412 or send us an email. They are also ideal for barns, farm and storage buildings, stables, cattle sheds, garages, sheds and workshops etc.
