A window of Barbie™ Fashion Closet on the Play Store or the app store will open and it will display the Store in your emulator application. There is a few things that I think you could update to make the app better. First, for a short period of time there was a part where you could change facial features. If it's not too hard I think that would be amazing to have back. Second, The eyebrows. I wanted to give the brown hair girl pink hair, but when I changed it to pick the color of the eyebrows changed too. Also I am happy that every year you REUSE the Christmas stuff because my 9 year old sister is spending my money on this game. I know this is probably not going to happen but since you had the blue hair fairy girl out for a while can you make her free. I told my sister that she could not spend anymore money on this game and she got really upset and started crying. I hope my opinion is legit. An annoyed older sister Don't listen to bad reviews. By Nothing But Truth! (Pcmac user) My little sister (And myself... but don't tell anyone!) both love this game! Super fun and I don't even mind that we don't have access to everything. Certainly a fun game... I wish I could reply to bad reviews. Barbie has to make money off of this app somehow. If not, they can't afford to keep it up. If you get a free app THERE WILL BE IN APP PURCHASES. If you buy an app with actual money, there are no in app purchases. People need to understand that while Barbie is a popular company, it can't afford to have free apps with no in app purchases. It just CANT. At least with optional purchases you're not obliged to buy it. If you don't want to have to pay for full access, don't get free apps. And that goes for ALL apps. That's just the way it is. Deal with it. I thought you could do better. By CapreeKitty (Pcmac user) Okay I'll start off with the good things all the makeup options. And the rest are negative. Barbie could you not higher better developers the graphics are quite horrible. Barbie you have money to make a decent game. The clothes are really cute. HOWEVER. You make us pay for the whole app basically, you have money let kids have fun parents should not to have to pay money for a bad game. I don't care about the ads but kids hate having to buy more. Atleast I do. Sorry Barbie but this app was horrible. Add more free stuff and more skin tones. I hate the perfect, blonde, white-skinned Barbies. Also you show the barbies feet flat, super bad. Barbies are forced to wear high heels. Having to perfect super stars. Sure you can be anything but how can you be anything in high heels, high heeled feet, you can't do many things. Horrible, I'm super sorry. Love but needs approval By Puppylover (Pcmac user) I love this game but I hate how there's so much stuff that you have to purchase. Little kids can't buy these things and even if they don't have phones and just play this game on their parents phone. Their parents aren't going to buy some silly clothes and makeup just from a game. Now I'm poor and so is the rest of my family so I demand that you get ride of the in app purchases right NOW. It's not fate to me, little kids and others. If you want five stars out of me then you better give us all free stuff no money needed. By the way I've been having bugs in the game and it crashes my phone a bunch of times. Please fix. Over all I love this app so I will give it 3 stars 🌟🌟🌟
