Sheets and there offers an online virtual curriculum to complete your courses and provide a comprehensive review for the USMLE Step 1 exam in one place! Instead of passwords or mnemonic, we emphasize the understanding of the basic and clinical sciences, so that students can study in more effectively and build a foundation for success in medical school, step 1, and the there. Overview Tens of thousands of students use our videos and everyone does a little 'different. There's not really any rightÂ € Â Â € wrongÂ € or so. Since the videos take a long Timea to watch, many students USEA alongside them during classes M2 year. This is by far the most popular way to use our materials. During the dedicated study period, many students re-watch some but not all videosÂ € focusing on trouble areas. For videos that are associated quiz questions, a video Quiza link appears on the section (page blue arrow in the image below). The number to the right of the link indicates the number of questions associated with that video. Clicking the Video Quiz will launch a quiz that contains all the issues associated with that video. You can also click on the Quiz section connections (green arrows below) to launch a quiz that contains all the questions for the video within that section. The numbers next to the quiz links section indicate the number of questions associated with each video's sectional.
