This means watching fast and furious films in the chronological order is strangely complex. The rogue element shaking every thing is the drift of Tokyo. When Vin Diesel, Dom Toretto has presented unexpectedly at the end of that movie - returning to the franchise after sitting 2 Fast 2 furious - everyone hired that the fourth rapid and furious installment would like to collect where he was interrupted. But there was a lacrevole continuity problem - Han Seoul-Oh (Sung Kang), which was killed in Tokyo Drift, was alive and well in fast & furious. While it turns out, Han actually acts her jumble to Tokyo at the end of Fast & Furious 6. Later we learn that British Rogue Agent Deckard Shaw (Jason Statham, who joined the series in Fast & Furious 6) was driving the Machine that killed Han, while the scene in which Toretto gets up Tokyo actually has place during Furious 7 / Fast & Furious 7. I received all this? Fast & Furious 9 resumes after the fate of the furious / fast and furious 8, with the figure of Charlize Tharon in action, along with John Dinner as a leading brother from Toretto Dominico (!) And rival. The film finds a satisfactory explanation for what happened to Han Â € à,~ "but we will let you discover that for yourself. Fast and furious 10 and 11 will work as a two-party finish for the series. Dwayne's Hobs Johnson's Luke Hobbs will not be part of the parts 10 and 11, but Jason Statham's Shaw Deckard looks like a real possibility. "Fast 9 is designed to be the final prequel and establish a narration that could bear more film, â, Â, ~ Star / Producer Vin Diesel told Total Film Magazine. Â € à,~ "F9 is a fantastic movie, it will be a shiver for people to see. But it is necessary to lay the base for the final, which will have to be broken in two films because there are so many elements to envelop you . Â »There are also a couple of official short films that expand the continuity. The loaded turbo prelude sets the scene for 2 Fast 2 Furious, explaining as Paul â,~ Â "€ s Brian OÂ € à,~ Â" € Conner ends in Miami. Los Bandereros (written and directed by Vin Diesel), meanwhile, establish key printing points for the fourth fast and furious film. And while there has been included in the Orders list above, the real fast and furious completely can want to check the crime drama Better luck tomorrow Â € à,~ "While not technically a fast and furious film, the regist director F & F Justin Lin and Star Sung Kang both have both Said that the Han is very luck the same character that subsequently turns to Tokyo Drift. Meanwhile, for children, Spin-off Fast & Furious: Spy Racers has four seasons on Netflix. It is the youngest cousin of Dom Toretto, Tony, but the tone is so different from the films that we are not sure to call him Canon, so we left it out of the chronology above. Fast and furious films, however, do not follow the normal denomination conventions, particularly in the United States. It was all so simple in the early days, when the original is fasting and the furious was followed by the 2 2 furious punishment score. Japan has fixed fast and the furious 3 was subtitled Tokyo Drift, but things were seriously strange for the fourth installment of franchise, which was simply fast and furious call. No way in which someone could be confused by that "even if on the positive side, at least he was not called fast and four lous. From there, the American spectators were treated for a mobile titration party, with five facts fast and furious 6 , furious 7, and (bizarre) the fate of the furious. The ninth episode has embraced the brevity with a simple F9.Brits, meanwhile, got a rather more coherent and furious fast & furious 6, fast and furious 6, fast and Furious 7, fast and furious 8 and fast and furious 9. Five was the beginning of a golden ride of three films for the saga, before he dropped slightly with the fate of furious.
